In 1988—after 20 years in sales and marketing in the for profit sector—Janet Levine fell into fundraising, and she never looked back. For the next 19 years, she served in senior positions at USC, the Reason Foundation, the University of Oregon, AFI, El Camino College and Pasadena City College. Just prior to opening Janet Levine Consulting in 2007, she was Vice President of Advancement at Cal State Dominguez Hills. Clients of Janet Levine Consulting run the gamut from small, all volunteer organizations to large, national organizations. Of special pride is the number of clients who hire Janet Levine Consulting for follow on assignments.
